

Offering a true “One-Stop-Shop” Solution for tool makers and tool users

In the new exciting world of tool steel, we at Bohler Uddeholm Africa are proud to be able to offer a **TOTAL PACKAGE SOLUTION**

to our customers. No matter what application, Bohler Uddeholm Africa has the knowledge, know how and experience to assist you in any or all of your endeavours.

We have stock to cover all of your tooling application requirements and more...

By offering a **TOTAL PACKAGE SOLUTION** we also have the experience when it comes to Heat Treatment. **Bohler Uddeholm Africa has the most sophisticated Heat Treatment facility in the Southern Hemisphere which includes Plasma Nitriding!**

By ensuring that all activities are kept **in-house** we can ensure a world leading quality delivery.

**R&D + Manufacture + Heat Treatment +
Machining + Back-up Service
= TOTAL PACKAGE SOLUTION**

It is clear that, if your tool steel supplier outsources any of these services, he cannot ensure quality and can never make the claim of being able to offer the “**Total Package Solution.**”

- Steel Sales (highest quality)
- In-house Heat Treatment
- Machining and MITCO Die Sets
 - Technical Know how
 - Welding Consumables
 - Fronius Welding Machines
 - Extensive Back-up Service
